Intake 2021

Australia Awards Cambodia

Australia Awards Scholarships are a key and long-standing component of the Australian Government's bilateral relationship with Cambodia. The objective of Australia Awards in Cambodia is to enhance Cambodia's development by providing postgraduate education opportunities to talented Cambodians.

Australia Awards Scholarships are prestigious international awards offered by the Australian Government to the next generation of local, national and global leaders. Through study and research, scholarship recipients develop the skills and knowledge they need to become leaders who help build enduring people-to-people links with Australia on return.

Applicants for Australia Awards Scholarships are assessed for their professional and personal leadership qualities, their academic competence and most importantly, their potential to have an impact on development challenges in Cambodia.

Level of study

Australia Awards Scholarships are long-term awards that provide Cambodians with the opportunity to obtain a postgraduate qualification at an Australian tertiary education institution at:

- **Masters level**, by coursework or research;
- **Doctoral level (PhD)**, in exceptional cases.

What can I study?

Applications are encouraged from **all fields of study** that will help individuals contribute to Cambodia's economic development and poverty reduction, on return. Applicants should select courses that align with their experience and qualifications or provide a strong justification for courses that represent a shift in career focus or direction.

Please note that scholarships are not available for general management degrees, such as a Master of Business Administration.

Candidates are advised to check the Australia Awards Cambodia website for further information:

www.australiaawardscambodia.org

Who can apply?

Cambodians from all walks of life are invited to apply for an Australia Awards Scholarship. The application process is open and competitive.

Australia Awards Scholarships are open to applicants from all sectors in Cambodia, including public sector agencies, academia and think tanks, civil society organisations, the media and the private sector.

Women, people with disability, and people living and working in provincial locations are strongly encouraged to apply. An equity support scheme is available to assist equal participation for these applicants.

Benefits of an Australia Awards Scholarship

Australia Awards Scholarships are offered for the minimum period necessary for the individual to complete the academic program specified by the Australian education institution, including any preparatory training.

Scholarship recipients will receive the following:

- return air travel
- a one-off establishment allowance on arrival
- full tuition fees
- contribution to living expenses
- introductory academic program
- Overseas Student Health Cover for the duration of the Scholarship
- supplementary academic support
- fieldwork allowance (for research students only)

Application dates for study commencing in Australia in 2021

Eligibility criteria

Applicants must meet all the global eligibility requirements detailed in the Australia Awards Scholarship Policy Handbook available at: <http://dfat.gov.au/about-us/publications/Pages/australia-awards-scholarships-policy-handbook.aspx>

Cambodia – specific conditions

In addition to these global eligibility requirements, applicants must also meet the following conditions:

- be a citizen of Cambodia, with no dual or additional citizenship
- be a resident in Cambodia for a period of 24 months prior to 30 April 2020 (i.e. the day applications close) other than for short absences related to employment, professional development or holidays
- have at least 24 months full-time (or part-time equivalent) work experience as at 30 April 2020 (i.e. the day applications close)¹
- declare all previous study undertaken irrespective of whether it is complete or incomplete or undertaken within Cambodia or another country²
- provide all the required supporting documents – see Table 1: Supporting Documents

In addition, Masters (by Coursework) level applicants must:

- have an English language proficiency of at least the following (with preference given to applicants with higher English language skills) at the time of application:
 - an IELTS Academic result with an overall score of at least 5.5, with no band less than 5.0, or
 - an internet-based TOEFL score of at least 69, or
 - PTE Academic overall score of 42
- obtain an English language test result after 30 April 2019; and
- satisfy the admission requirements of the selected university:
 - in most cases, the applicant must hold a Bachelor degree, considered equivalent to an Australian Bachelor degree; or
 - in some exceptional circumstances, due to their extensive professional experience, an applicant may be able to satisfy admission requirements without a Bachelor degree. If this is the case, the applicant must provide a Letter of Offer (for study in 2021) for their first preferred course and university. This must be submitted as part of their Australia Awards Scholarship application.³

¹ Irrespective of when work experience was attained. Paid internships are considered as work experience/employment. Work experience can be a combination of part-time and full-time experience/employment, so long as the full-time equivalency (of 24 months) can be readily calculated.

How to apply

Online applications must be submitted through OASIS, the Australian Government's Online Australia Awards Scholarships Information System.

Four steps to apply online

Step 1: Check your eligibility

Detailed eligibility criteria are listed in the section Eligibility Criteria. These must be met in order to be eligible to apply.

Please check these carefully before you proceed to the next step.

Step 2: Create a login to access OASIS

All online applications must be submitted at: <https://oasis.dfat.gov.au>

An OASIS Applicant User Guide can be downloaded at the OASIS home page.

Step 3: Complete all the data entry requirements and upload your supporting documents

When responding to the questions in the application form, make sure that you take time to really think about your answer.

Applicants are expected to have clear ideas about how they will contribute to development in Cambodia upon their return. Applicants are encouraged to consider the relationship between their academic and professional goals and their country's economic growth and poverty reduction needs.

When applying online, you must upload all supporting documents to meet the specific requirements for Cambodia. Refer to the following Table: Supporting Documents for the list of all documents that you must upload based on your selected course.

The maximum document size (per document) for uploading is 2 MB.
